

To whom it may concern,
I recently subscribed to XM Radio and I love it! I had been reading about this wonderful source of music and news and I had to have it. The XM Radio is offered as a standard feature on my new vehicle. I enjoy the variety of stations and no commercials. I also like the up the minute traffic and weather. I am urging you to reject the NAB's petition 04-160. I will continue to be an avid supporter and listener of the XM Radio.
